

What are your next steps?

What are the specific action steps that you will take in the next month?

These may relate to gathering information, sharing your mission statement with someone you trust, or even going back through the worksheets from this course.

Try to be as detailed as possible. For example?

Vague? I want to learn about who might be my competition.

Specific? I will make a list of 5-10 people who do something similar to what I want to do, including their names and contact information, their business name, a brief description of their business, and the business website or address.

What tasks, or actions, will you take?
