Course: *Visioning + Planning*

MODULE 2: VISIONING

LESSON 3: MODULE 2 REVIEW

Chapter 1

You're probably in this course because you want to start a business, and for it to aim towards your calling. We've come to the end of Module 2. Before you go to Module 3, take another look at your "Visioning Worksheet." Add some more thoughts and ideas. If you want, share it with the important people in your life. Talking about your vision will help make it clearer and more real. Then, go on to Module 3, which is about using your vision to start and run the business that would match that calling.
