Chapter 2

Welcome to Module 4 of Reclaiming Employment's Visioning and Planning course. Now that you have started working on your vision and mission, in this module we are going to focus on Planning.

Chapter 3

If you went through Modules 1, 2, and 3, you know that my goal is for you to believe that you can start a business because you took this course, and for that business to be based around your personal vision and mission statement.

Chapter 4

In this module, we are going to talk about planning and barriers. You'll use your vision and mission statements as a launching ground. At the end you won't have a business plan, but I hope you have a personal plan to address barriers and focus on moving towards your vision.
