

Reclaiming Employment

Course: *Visioning + Planning*

MODULE 6: SUMMARY

INSTRUCTOR OUTRO: VIDEO

We've reached the end of this course. I'm really glad that you're taking these steps! I love talking to people who are self-employed more than almost any other people, because they understand the ups and downs of life in a very real way. I hope to meet you in person one day and hear all about your business.
